**Sands dust-free
even without a
vacuum cleaner.**

MENZER

LHS 225 AV

The drywall sander with integrated dust capture system

MENZER LHS 225 AV adds to the benefits of MENZER LHS 225 with its integrated dust capture system. In combination with the M-certified MENZER dust bag, the unit ensures a virtually dust-free and therefore healthier sanding of walls and ceilings – without an industrial vacuum cleaner.

- ▶ Powerful, **steplessly adjustable** 710 W motor
- ▶ **Removable nose section** for edgeless sanding
- ▶ Low maintenance, hard-wearing **direct drive**
- ▶ Extremely **agile cup wheel**
- ▶ With **integrated dust capture system**

TECHNICAL SPECIFICATIONS

Voltage:	110 V or 220–240 V / 50 Hz
Power consumption:	710 W
Weight:	4.7 kg
Idling speed:	1,000–1,950 min ⁻¹
Driving disc:	Ø 225 mm, 6-hole
Dimensions:	1,630 mm

Carry bag, additional handle and dust bag (M-certified with carry strap) included

Item number: 111 070 00

The motor power is applied directly and loss-free to the driving disc.

The integrated dust capture system removes the dust as it is generated.

The powerful 710 W motor can be steplessly regulated.
